<u>Course Title</u>	<u>Date</u>	<u>Time(s)</u>
<p><b><u>*10-hour General Industry Outreach Training</u></b> Course is comprised of 10 hours of safety and health training over 2 days. The training is based on OSHA Part 1910 (General Industry). Participants will be introduced to general industry safety and health policies and procedures. Since the workers are the target audience, these materials emphasize hazard identification, avoidance, and control – not standards. <b><u>\$8.00 fee for OSHA Card</u></b></p>	02/07/2017	9 am-3 pm
	02/08/2017	9 am-3 pm
<p><b><u>Electrical Hazards Awareness for Non-Electrical Workers</u></b> Course is structured on controlling electrical hazards in the workplace, recognizing electrical hazards, safety-related work practices, and interpreting OSHA's electrical standards.</p>	03/08/2017	9 am-12 noon
<p><b><u>Exit Routes, Emergency Action, Fire Prevention Plans and Fire Protection</u></b> Course covers OSHA requirements for emergency action and fire protection plans. Topics include purpose and requirements of emergency action and fire prevention plans, elements of emergency evacuation plans, and features of design and maintenance of emergency exit routes.</p>	04/05/2017	9 am-12 noon
<p><b><u>Machine Guarding and Lockout/Tagout</u></b> This course covers OSHA requirements for the various types of common machinery and their related safety standards, and the control of hazardous energy sources (lockout/tagout).</p>	05/03/2017	9 am-12 noon
<p><b><u>All About OSHA</u></b> Course provides introductory information about OSHA. Topics include OSHA's importance, employer/employee rights and responsibilities, what are OSHA standards, how inspections are conducted, where you go for help.</p>	05/16/2017	9 am-12 noon

***\*Must attend both days to complete full course.***
